

Navigation

The top navigation menu is located on the top of each page.

Your logo

It is possible to customize the top navigation menu by adding your company logo in the [System preferences](#). By default, the tAF logo is displayed.

The BizDock logo

The BizDock logo is a link to the [Home page \(Widgets\)](#).

The bookmarks

Each page can be bookmarked thanks to the “pin” icon displayed after the breadcrumb. All bookmarked pages are available in the top navigation menu by clicking on the “pin” icon.

If no page is bookmarked, then the “pin” icon is not displayed.

The application features

The feature links depend on the sign-in user permissions.

- [Roadmap](#): list of initiatives/releases with filtering capabilities, provide also a Gantt view
- [Architecture](#): list active Application Blocks represented thanks to a tree
- **New**
 - [Initiative](#): create an Initiative
 - [Release](#): create a Release
 - [Employee](#): create an Employee
 - [Org unit](#): create an Org Unit
 - [Portfolio](#): create a Portfolio
 - [Budget bucket](#): create a Budget Bucket
- **Governance**
 - [Milestone planning](#): calendar with all milestones and their status
 - [Provide approval](#): list of milestones for which the user should vote or decide
 - [Review milestone requests](#): list of requests for which the user should accept
- **Tools**

- [Timesheet](#): fill a timesheet
- [Reporting](#): list of available reports
- Admin: all systems to configure the BizDock application, more details in the [Administator guide](#)
- [Search](#): search engine for the more relevant entities

The needed permissions to display a link are explained in the corresponding features.

The Messages menu

A Message is a short information sent by the BizDock users.

The Messages menu contains an infobulle with the number of new messages (the infobulle is hidden if no new message). When clicking on the menu, a dropdown list is displayed with the new messages' titles and a link to the [Messaging](#) area.

By clicking on a message title, the [Messaging](#) area is also loaded.

The Notifications menu

A Notification is a short categorized information sent by the BizDock system.

The Notifications menu contains an infobulle with the number of new notifications (the infobulle is hidden if no new notification). When clicking on the menu, a dropdown list is displayed with the new notifications' titles and a link to the [Notifications](#) area.

By clicking on a notification title, the corresponding page is loaded.

The "My account" menu

The "My account" menu contains the links to [My profile](#) and to [My personal space](#) areas. It also offers the Sign out functionality.

[My profile](#) is used to manage the personal data (name, password, email...) and [My personal space](#) is a folder with all user's files generated by the application.
